Technical Information

Corrosion resistance

Meets the requirements of BS EN 1670 Grade 5 (480 hours)

Material Specification

Letters: High quality Zinc

Coatings: Hardex Chrome, Hardex Bronze, Hardex Gold, Hardex Graphite, Antique Black, Premium Satin, White and Silver

Screws: Includes 2 X M3.5 x 25mm colour coordinated countersunk flat head screw

Maintenance

For continued protection of the quality finish and appearance, we advise routine cleaning of all our external hardware. We recommend wiping it with a clean cloth soaked in warm water and mild detergent every month. Please refrain from using heavy-duty cleaners, containing Chlorine or Potassium. Moving parts should also be lightly lubricated using a light non-acidic mineral oil (e.g., "3 in 1") at least twice per year. The product may need to be adjusted and fixings tightened to ensure a satisfactory operation. This procedure is particularly essential if products are used within a 25-mile radius of coastal areas or close proximity to building sites or large industrial areas, where more frequent cleaning may be required to prevent the accumulation of corrosive contaminants.

Packaging

Letters

Individually bagged with screws and care instructions.
10 in an outer box.

2 x Screws Provided Per Letter

Standard Width of all letters and numerals - 4.50mm

All dimensions are in mm and are nominal.
