#### Ordering Details

##### Product

**Monkey Tail Dummy Stay Bar**

##### Finish

##### Part No.

Hardex Chrome	8A080
Hardex Gold	8A079
Hardex Graphite	8A074
Antique Black	8A073

#### Maintenance

For continued protection of the quality finish and appearance, we advise routine cleaning of all our external hardware. We recommend wiping it with a clean cloth soaked in warm water and mild detergent every month. Please refrain from using heavy-duty cleaners, containing Chlorine or Potassium. Moving parts should also be lightly lubricated using a light non-acidic mineral oil (e.g., "3 in 1") at least twice per year. The product may need to be adjusted and fixings tightened to ensure a satisfactory operation. This procedure is particularly essential if products are used within a 25-mile radius of coastal areas or close proximity to building sites or large industrial areas, where more frequent cleaning may be required to prevent the accumulation of corrosive contaminants.

#### Technical Information

##### Corrosion resistance

Meets the requirements of BS EN 1670:2007 Grade 5 (480 hours)

##### Material Specification

Stay Bar and Plates:	High quality Zinc for all finishes
Coatings:	Hardex Chrome, Gold, Graphite and Antique Black

#### Packaging
