Classic PVCu Door Hinge

Fast fit PAS 24 compliant hinge with full 3D adjustment.

Fast | Fit | Fabrication

We understand that every second counts . . .

That's why the Classic PVCu door hinge offers you even faster fabrication. Fully assembled and fast to fit - it's a hinge you can forget about.

For the installer, easy on-site adjustment with instructions to hand, enables straight forward installation. Tested to the latest PAS 24 security standards, you have a simple, discreet hinge that really delivers.

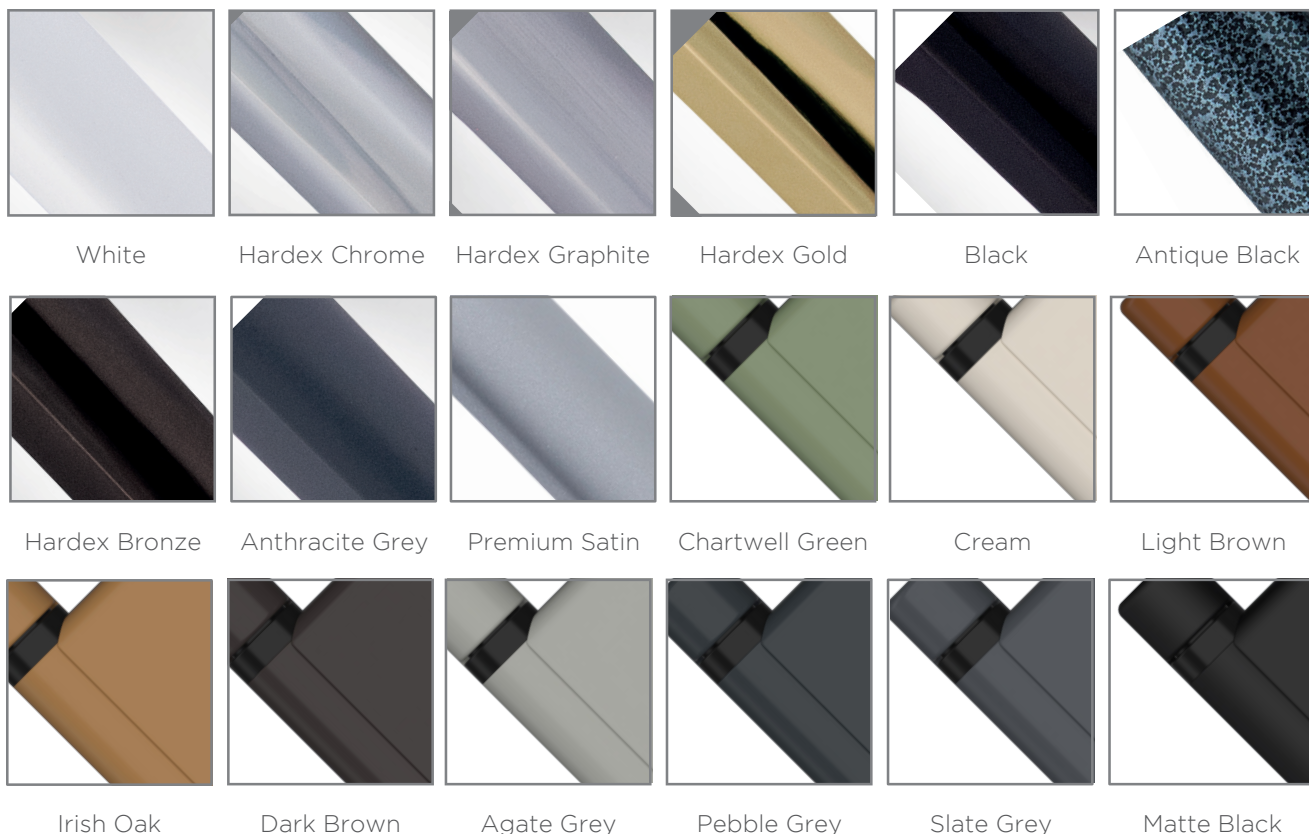

Perfectly matching hinge for any PVCu door . . .

- Fully 3D adjustable hinge, for final onsite adjustment to ensure perfect door alignment
 - Vertical +5mm/-0mm
 - Horizontal +5mm/-5mm
 - Compression +0mm/-1mm (pin adjustment) +2mm/-1mm (reverse bushes) easy adjustment with a 4mm Allen key
- Sleek design that looks good on any style of PVCu door
- Flag is discreet and the double knuckle design effectively combats door droop
- Supplied full assembled for ease and speed of fitting
- Designed to meet the requirements of latest PAS 24: 2022 security standards for doors.
- Durable and reliable design suitable for a wide range of applications, cycle tested to over 300,000 cycles
- Weight carrying 100Kg with 3 hinges
- Supplied with adjustment detail on the face of the hinge proving easy access for the door installer

Creating a beautiful aesthetic, whatever the door colour . . .

Finish	Part Code
